ANNUAL STUDENT WELDING COMPETITION

Any welding student over the age of 17 currently enrolled in a HS or College welding program can participate in the Student Welding Competition. Proof of age and enrollment is required at the time of registration. 2017's prize winners are invited to compete but are not eligible for this year's prizes.

Each student's welds are evaluation by a team of two or more judges from the welding community. The welds are visually inspected and awarded points to determine the overall winner. In case of a tie, an interview with the HR Department will be the deciding factor.

Participants may bring their own equipment (helmet, jacket, etc) but will follow the safety rules of the facility. Any unsafe demonstrations will negate participation.
